Billboard Top Music Lawyers

- To include as many firms as possible, we broadly recognize *only* outside counsel, with the exception of companies previously included.

- In choosing honorees, we consider information submitted with the nomination, recent newsworthy achievements and the market impact of a firm's clients, as measured using data including Billboard's charts.

- Multiple nominations of the same individual are not necessary and will not increase a nominee's prospects.

- Our nomination form asks if your nominee has been honored previously on the Top Music Lawyers list. Previous honorees *are* eligible. We will strongly consider honorees not previously recognized.

- Billboard is committed to encouraging greater diversity in the music industry, not limited to but including on its power lists. If the nominee self identifies with any underrepresented group, please specify on the nomination form. (Optional).
