

Christina Reynolds

*Managing Director, Lead Government Contractor
Cybersecurity
BDO*

Panel: Data Handling Protocols – CMMC & The
New CUI Program | 9:30-10:30 am

Christina Reynolds is a Managing Director in BDO USA's Industry Specialty Services Group, where she leads cybersecurity consulting and information assurance services focused on helping government contractors and other regulated organizations meet complex compliance requirements. A Certified CMMC Assessor (CCA) and CMMC Certified Professional (CCP) with 28 years of experience in IT, cybersecurity, and IA policy, she advises on and supports readiness, internal audit preparation, gap analysis, remediation, and documentation across key frameworks and regulations including CMMC, DFARS 252.204-7012, NIST 800-171/172/53, NIST CSF, ISO 27001, and RMF.

Prior to BDO, she spent 22 years as CEO of a WOSB defense contractor, building a managed services provider and cybersecurity practice in Huntsville, AL, and served as a Senior VP leading program management, business development, and major DoD programs (including MDA, NAVWAR, PEO Aviation, and U.S. Army efforts).

She also provides expert witness support for cyber-related claims and is the author of two books on DFARS 7012 compliance, with academic credentials including an M.S. in Cybersecurity and Information Assurance (WGU) and a B.S. in Materials Science and Engineering (Penn State), plus EC-Council certifications including CEH, CHFI, and CNDA.
