

TEXT ORDER: The Court has reviewed the parties' July 17, 2026 letters [D.E. 127-128] concerning their dispute about ESI search terms, as well as the July 15, 2026 letter of Defendants Zenara Pharma Private Limited and Biophore [D.E. 126] concerning Zenara's proposal to amend its noninfringement contentions. The Court is far from satisfied that the parties have adequately met and conferred on either dispute. Accordingly, the Court will take no action on the foregoing letters. The parties are directed to immediately resume their meet-and-confer efforts in an attempt to resolve the issues. If the parties do not make substantial progress in resolving the issues, the Undersigned will require all counsel to appear in his Courtroom to continue the meet and confer in person. In that event, counsel shall be prepared to meet and confer until the earlier of: (1) resolution of all open disputes, or (2) 4:00 p.m. at which time, if the Court's schedule permits, it will address the issues with counsel, or otherwise schedule a subsequent in-Court meet-and-confer session. On or before before August 14, 2026, the parties will file a joint status report. If the parties do not resolve all open issues, the joint status report also will propose at least three dates for the in-Court meet-and-confer session.. So Ordered by Magistrate Judge Michael A. Hammer on 7/23/2026. (Hammer, Michael) (Entered: 07/23/2026)
