Loren is a corporate attorney representing emerging growth companies in the fields of software, pharma, biotech and commercial space on venture capital financings and M&A. He is Chair of the firm's Life Sciences Practice Group, and Co-Chair of the Fashion Industry Practice.

Loren is the Board Chair of the nonprofit [Pennsylvania Biotechnology Center](#), one of the nation's most successful life sciences incubators. The PABC is a 110,000 square foot facility dedicated to the creation of a world-class biotechnology center; to the promotion of regional economic development and job creation; and to the education and training of tomorrow's researchers.

He is also a Board Member of the nonprofit [Baruch S. Blumberg Institute](#), an independent nonprofit research institute established in 2003. The Baruch S. Blumberg Institute is one of the nation's leading centers for translational research in hepatitis B and liver cancer, and supports drug discovery, biomarker discovery and translational biotechnology.

Loren is a founder of the [Delaware Crossing Investor Group](#), an angel investor network that has invested in more than 75 companies.
